8 REASONS
RIC DAVIS MUST GO

1	**Declared "I QUIT"** and walked away from the Board table during public Township Board meeting.
2	**Accessed and monitored trustees' email accounts** without their knowledge or permission.
3	**Created a hostile work environment,** drove staff departures, and left the Township without dedicated natural resources leadership.
4	**Coordinated with Levy to advance gravel mine approval** before the company submitted its application.
5	**Published Levy information** on the Township website and misrepresented independent expert reviews.
6	**Disrespected Township residents and staff** and used Sheriff's deputies in attempts to remove people from meetings.
7	**Abandoned Township leadership** for eight weeks without an operational plan.
8	**Broke his promise** to hold public town halls.

IT'S TIME FOR NEW LEADERSHIP.
